Cocoon

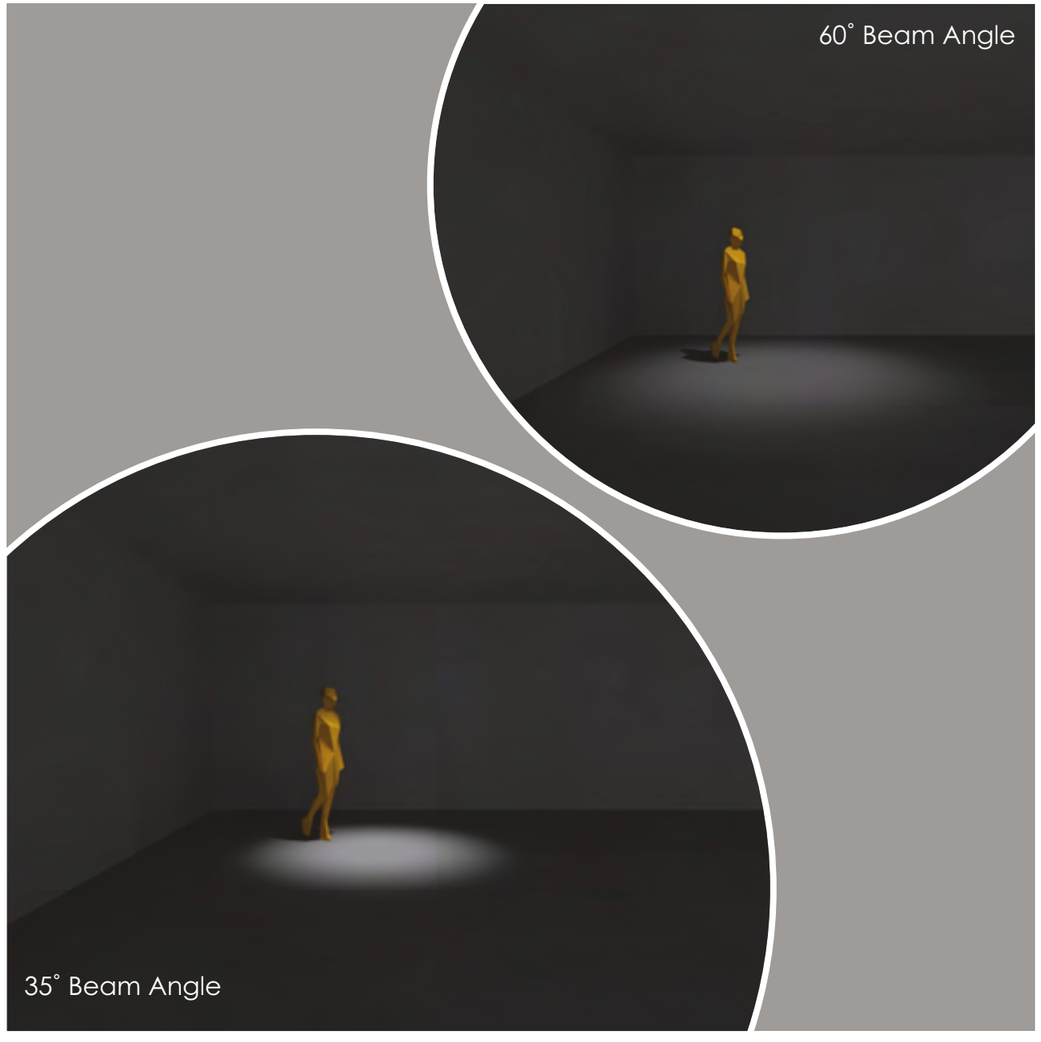

Bartenbach
TECHNOLOGY INSIDE

Minimalist design
Advanced optics

The Cocoon range features a pure, minimalist form with a light aperture of just 10 mm.
Its deeply embedded optical core conceals a unique focus lens, developed using Bartenbach technology, combining advanced optical expertise with Austrian precision.
The result is a virtually glare-free lighting solution, delivering both visual comfort and high performance.

A robust mechanical design ensures longevity and provides a high level of mechanical protection, making Cocoon an ideal choice for refined, durable installations.

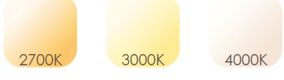

Flexible lighting with superior colour quality

The Cocoon range is available with two beam angles—35° and 60°—making it ideal for both focused accent lighting and diffused general illumination. A high colour rendering index (CRI) ensures outstanding visual quality, faithfully revealing colours and details.

Each luminaire is offered in three different correlated colour temperatures (CCT), allowing seamless integration into a variety of design scheme

Shaping Warm Spaces

The Cocoon collection offers a blend of decorative style and technical performance, bringing both elegance and functionality to any space. Inspired by the soft, organic form of a cocoon, its smooth, flowing edges allow it to integrate effortlessly into a variety of interiors.

Available in table, wall, and suspended versions, Cocoon provides versatile options for everything from cosy corners to expansive open areas. Its gentle, enveloping design creates a warm, inviting atmosphere while delivering efficient, high-quality illumination.

Cocoon Adjustable

Cocoon Adjustable

Product Charcteristics

The Cocoon Adjustable light takes versatility and functionality to a new level. With a unique rise-and-fall movement of up to 50 cm, it is perfectly suited for both desk and dining settings, offering flexible illumination tailored to every need.

Its directional light source allows you to precisely aim the glow where it's needed most, enhancing both task and ambient lighting experiences. Combined with advanced Bartenbach optics, Cocoon Adjustable minimises glare and maximises visual comfort.

This seamless blend of adaptability, performance, and refined design makes Cocoon Adjustable a practical yet elegant addition to any interior.

Cocoon Wall

Cocoon Wall

Product Charcteristics

The Cocoon Wall version is a refined lighting solution, mounted onto a radial dish that subtly blends into the wall for a clean, integrated appearance. This soft, architectural detail enhances the surrounding interior without distraction.

Ideal for bedside lighting or circulation areas, it delivers focused, functional illumination—perfect for reading or highlighting specific spaces.

Its minimalist form and smooth edges allow it to complement any room with ease, while fully customisable finishes ensure a seamless match with your interior design vision.
